Presents daily words of timeless wisdom and heartfelt advice for people of all walks of life and religious backgrounds on how to find true happiness, serenity, and fulfillment in one's life and bring true peace to the world around.

Andrew McCarthy grows concerned for his family after he catches a young man, Zachary Denton, photographing his daughter, Grace McCarthy, and other children at a park. To his dismay, Zachary talks his way out of trouble when he's confronted by the police. He hopes that's the end of it. Then he finds Zachary at a diner and then at a grocery store. He knows their encounters aren't coincidences. And just as Andrew prepares to defend his family, Grace vanishes. As the police search stalls and the leads dry up, Andrew decides to take matters into his own hands. He starts by searching for sex offenders in the area and researching enhanced interrogation techniques... He convinces himself he'll do anything to rescue his daughter, unaware of the pure evil he'll face in his journey. He's willing to hurt-to torture- anyone to save his family. Jon Athan, the author of Into the Wolves' Den and The Abuse of Ashley

Collins, delves into the underworld of internet predators in this disturbing horror novel. Are your children safe? WARNING: This book contains graphic content. Reader discretion is advised.

Five Years in the French Foreign Legion, the World's Toughest Army

This is a new edition of an existing textbook, with updated content for the 2006 syllabus. It is designed to be a student main text, and contains all you need to pass the IGCSE Extended exam. This third edition provides full coverage

of the most recent Cambridge IGCSE syllabus in a highly accessible way. It also comes with a free CD, which includes additional exam style questions, interactive exercises and revision tips. Endorsed by Cambridge International Examinations.

'One of the greatest adventure stories in years.' – Chris Patten 'The drama, excitement and colour of a good guts-and-glory thriller.' – Dr. Henry Kissinger

The French Foreign Legion – mysterious, romantic, deadly – is filled with men of dubious character, and hardly the place for a proper Englishman just nineteen years of age. Yet in 1960, Simon Murray traveled alone to Paris, Marseilles, and on to Algeria to fulfill the toughest contract of his life: a five-year stint in the Legion. Along the way, he kept a diary. Legionnaire is a compelling, firsthand account of Murray's experience with this legendary band of soldiers. Subjected to brutal sergeants, merciless training methods and barbaric punishments – all in the hostile, sun-baked North African desert – Murray and his fellow men were pushed to breaking point, and beyond. Sixty years on, it remains a remarkable account of one of the most notorious military groups, a tale of true adventure

and one man's determination never to
surrender.
