His undercover assignment wasn't supposed to involve a fake girlfriend. And he definitely wasn't supposed to fall for her. But it did. And he did. Now, he'll do anything to protect her. Even if it costs him everything. Hunter When I'd caught the garter at a friend's wedding, I hadn't anticipated having sparks with the woman who'd caught the bouquet because that was a bad cliché, right? Things in Lauren's life were...complicated. As for me, being a detective on the NYPD's Special Investigations Task Force made having a relationship nearly impossible, so I'd decided we were better off as friends. Fast forward a year...Lauren stumbled into my undercover investigation of the Vosstaniye Bratva so, in an effort to keep my cover from being blown, I blurted out that she was my girlfriend. Huge. Epic. Mistake. Now, she's been sucked into my investigation and I've fallen for her. Complicated or not, I have to convince Lauren that our fake relationship is anything but because we just might have a forever kind of love. But first, I have to keep her safe from the Russian mafia. No big deal, right? Wish me luck. Fall in love alongside Detective Hunter Albanese and Lauren Powers in this debut of a new series following members of the Special Investigations Task Force in New York City as they fight crime and fall in love. You'll recognize Lauren as Zoe's sister in Burning for Her, and Hunter plays a role in Burning for Love and Burning for Trouble. While this novel can certainly be read as a standalone, you'll get the most out of it having read the preceding series, Burning for the Bravest, which features NYC firefighters who love hard and make love harder. TRIGGER WARNINGS: Depictions of human trafficking, sexual assault, drug use, and violence.
