In this fabulous and funny introduction to how elections work, the animals decide they are tired of their king and that it is time to vote for a president. Lion may be King of the jungle, but lately he only seems to care about himself. His subjects are fed up, so they decide to try something new--hold an election! Once Owl explains the rules, the fun begins, and Snake, Sloth, and Monkey all announce they will be candidates. But oh no, Lion is going to run too! It's a wild campaign season as the animals hold rallies, debate, and even take a selfie or two, trying to prove why they'd make the best president of the jungle. This funny, non-partisan story features lively illustrations, a helpful glossary, and colorful characters who have an infectious enthusiasm for the election process.

Choose to read from the perspective of the Spots or the Dots by turning this picture book upside down. Find the similarities in others and celebrate their differences. The Spots live on one side of the hill. The Dots live on the other. Both are fearful and suspicious of the other, but are they really all that different? When a young Spot and a young Dot meet at the top of the hill, they are about to find out... Flip the book upside down and choose whether to read from the perspective of the Spots or the Dots, right up until the middle, where the two communities collide. -- Booktopia

By focusing on forty works from the Metropolitan's collection, this educator's resource kit presents the rich and diverse artistic heritage of sub-Saharan Africa. Included are a brief introduction and history of the continent, an explanation of the role of visual expression in Africa, descriptions of the form and function of the works, lesson plans, class activities, map, bibliography, and glossary.

The attributes of 28 different lizards are revealed in this STEM nonfiction picture book, while the story provides a subtle message encouraging children to be true to their own nature. The actions of 28 lizard species--the flying dragon that swoops through the air, the shingleback that sticks out its blue tongue to scare predators, the basilisk that can race across the surface of water--invite readers to act like a lizard themselves. The text by noted author April Pulley Sayre asks: "Can you run like a lizard? Sun like a lizard? Bob your head like a lizard?" Featuring brilliantly colorful, textured artwork by illustrator Stephanie Laberis, the book also includes extensive back matter with further information about the featured lizard species--their size, geographical range, why they perform the various actions introduced in the text--as well as details about lizards in general.

The 'Indian Techie' has become a global icon, taking its place alongside McDonalds and MTV as one of the key symbols of contemporary globalization. India and the IT Revolution explores the contemporary emergence of cosmopolitan, high-tech India as marking the arrival of a truly global cyberculture. It argues against the notion that globalization is a process of 'Westernization', which radiates out unilaterally from the core, imposing itself upon a passive, backward periphery. Instead, it conceives of global culture as a dynamic, innovative network, which proceeds primarily from its edges.

My Place begins with Sally Morgan tracing the experiences of her own life, growing up in suburban Perth in the fifties and sixties. Through the memories and images of her childhood and adolescence, vague hints and echoes begin to emerge, hidden knowledge is uncovered, and a fascinating story unfolds - a mystery of identity, complete with clues and suggested solutions. Sally Morgan's My Place is a deeply moving account of a search for truth, into which a whole family is gradually drawn; finally freeing the tongues of the author's mother and grandmother, allowing them to tell their own stories.

It is sad but true that no one is ever pleased to see Cyril the cloud. He's always being blamed for ruining everyone's fun: casting shadows over everywhere he goes, and making things look dull and miserable. So, one day, Cyril drifts far, far away in search of a friendly face: over farmland,towns, and an ocean . . . Eventually he arrives in a new land whose ground is baking hot. Here everyone welcomes the shade Cyril gives. This makes Cyril so happy that he cries big glorious tears of joy. And his tears soak the land and everything seems to smile. And that is all Cyril ever wanted - tolook down on the world and see a happy smile.A beautiful story that taps right into what Tim Hopgood's books are all about: celebrating the natural world and promoting a positive outlook on life.

Waterstones' Children's Book Prize 2019, Klaus Flugge Prize 2019 and Independent Bookshop Week Awards 2019 There was once a little boy who was afraid of the dark. There's nothing unusual about that. Most children are afraid of the dark at one time of another. But this little boy was a Prince, and he decided that when he became King, he would do something about the dark. He would ban it. When the King bans the dark completely, installing an artificial sun, and enforcing "anti-dark" laws, it seems like a good idea. The citizens don't need to worry about any of the scary things that might live in the dark. But what happens when nobody can sleep, and the citizens revolt? Will the King face his fears and turn the lights off? The King Who Banned the Dark is a beautiful and thought-provoking story about how we need the dark in order to enjoy the light.
