'I don't know why I behaved the way I did, and I kept doing it; he kept doing it. And though I might once have easily brushed it away, suddenly I could not. Nor could I confront him. The conversation moved too quickly.' This is Pleasure is an extraordinary work by one of the world's finest writers, and achieves more in 15,000 words than most full-length novels. Following the unravelling of the life of a male publisher undone by allegations of sexual impropriety and harassment, and the female friend who tries to understand, and explain, his actions, it looks unflinchingly at our present moment and rejects moral certainties to show us that there are many sides to every story. Mary Gaitskill has spent her whole career mining the complexity of human relationships on both an individual and societal scale with wisdom and grace. Here her insights are more piercing and timely than ever.

For those who think they know the story of the Three Little Pigs and the Big, Bad Wolf, here it is as they've never heard it before. In this highly acclaimed, laugh-out-loud collaboration between Scieszka and Smith, Alexander T. Wolf tells his side o

CELEBRATING 50 YEARS OF PICADOR BOOKS Shortlisted for the Booker Prize 2015 Shortlisted for the Baileys Prize for Women's Fiction 2016 Winner of Fiction of the Year at the British Book Awards 2016 Finalist for the National Book Awards 2015 The million-copy bestseller, *A Little Life* by Hanya Yanagihara is an immensely powerful and heartbreaking novel of brotherly love and the limits of human endurance. When four graduates from a small Massachusetts college move to New York to make their way, they're broke, adrift, and buoyed only by their friendship and ambition. There is kind, handsome Willem, an aspiring actor; JB, a quick-witted, sometimes cruel Brooklyn-born painter seeking entry to the art world; Malcolm, a frustrated architect at a prominent firm; and withdrawn, brilliant, enigmatic Jude, who serves as their centre of gravity. Over the decades, their relationships deepen and darken, tinged by addiction, success, and pride. Yet their greatest challenge, each comes to realize, is Jude himself, by midlife a terrifyingly talented litigator yet an increasingly broken man, his mind and body scarred by an unspeakable childhood, and haunted by what he fears is a degree of trauma that he'll not only be unable to overcome – but that will define his life for ever. Part of the Picador Collection, a new series showcasing the best of modern literature.

Collects seven stories featuring Little Critter, including "Just for You," the first Little Critter book.

An in-depth celebration of the romantic comedy's modern golden era and its role in our culture, tracking the genre from its heyday in the '80s and the '90s, its unfortunate decline in the 2000s, and its explosive reemergence in the age of streaming, featuring exclusive interviews with the directors, writers, and stars of the iconic films that defined the genre. No Hollywood genre has been more misunderstood—or more unfairly under-appreciated—than the romantic comedy. Funny, charming, and reliably crowd-pleasing, rom-coms were the essential backbone of the Hollywood landscape, launching the careers of many of Hollywood's most talented actors and filmmakers, such as Julia Roberts and Matthew McConaughey, and providing many of the yet limited creative opportunities women had in Hollywood. But despite—or perhaps because of—all that, the rom-com has routinely been overlooked by the Academy Awards or snobbishly dismissed by critics. In *From Hollywood with Love*, culture writer and GQ contributor Scott Meslow seeks to right this wrong, celebrating and analyzing rom-coms with the appreciative, insightful critical lens they've always deserved. Beginning with the golden era of the romantic comedy—spanning from the late '80s to the mid-'00s with the breakthrough of films such as *When Harry Met Sally*—to the rise of streaming and the long-overdue push for diversity setting the course for films

such as the groundbreaking, franchise-spawning Crazy Rich Asians, Meslow examines the evolution of the genre through its many iterations, from its establishment of new tropes, the Austen and Shakespeare rewrites, the many love triangles, and even the occasional brave decision to do away with the happily ever after. Featuring original black-and-white sketches of iconic movie scenes and exclusive interviews with the actors and filmmakers behind our most beloved rom-coms, From Hollywood with Love constructs oral histories of our most celebrated romantic comedies, for an informed and entertaining look at Hollywood's beloved yet most under-appreciated genre.

Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influence generations of fiction writing.

""The Signal-Man"" is a horror/mystery story by Charles Dickens, first published as part of the Mugby Junction collection in the 1866 Christmas edition of All the Year Round. The railway signal-man of the title tells the narrator of an apparition that has been haunting him. Each spectral appearance precedes a tragic event on the railway on which the signalman works. The signalman's work is at a signal-box in a deep cutting near a tunnel entrance on a lonely stretch of the railway line, and he controls the movements of passing trains. When there is danger, his fellow signalmen alert him by telegraph and alarms. Three times, he receives phantom warnings of danger when his bell rings in a fashion that only he can hear. Each warning is followed by the appearance of the spectre, and then by a terrible accident. The first accident involves a terrible collision between two trains in the tunnel. Dickens may have based this incident on the Clayton Tunnel crash[1] that occurred in 1861, five years before he wrote the story. Readers in 1866 would have been familiar with this major disaster. The second warning involves the mysterious death of a young woman on a passing train. The final warning is a premonition of the signalman's own death"
