

## Where Is Baby's Mommy?: A Karen Katz Lift The Flap Book

Describes the care that mothers and babies receive in the hospital and tells children what to expect if they go to visit their new brother. Photographs and simple text show a baby koala as it goes from its mother's pouch to her back to exploring alongside her. With a heartwarming story and tender illustrations, Jeanette Bradley's debut picture book *Love, Mama* is perfect for Valentine's Day, Mother's Day, and any day when a child needs a reminder of the strength of a mother's love. When Mama leaves her young penguin Kipling, he knows he'll return home soon—yet he still can't help but miss her. After all, Pillow Mama won't read, Picture Mama won't laugh, and Snow Mama is slow to cuddle. But then Kipling receives a special delivery from Mama, including a note that reads: My love for you stretches across the wide world through day and night, from earth to sky and back again. And Kipling knows that no matter where Mama is, he is loved. Soon, Mama comes home, and Kipling ends the day where he belongs—right in her arms.

It's an exciting morning for Joey the baby koala in this beautifully photographed book from award-winning author Nic Bishop. High above the ground, in the shade of a eucalyptus tree, Joey the baby koala wakes up hungry! Crawling over his sleeping mom, Joey goes exploring... He soon finds that his mother's arms is where he's supposed to be after all. In this book featuring simple text and stunning photographs of a rare koala between a koala and her little one, award-winning author-photographer Nic Bishop brings nature to life for the youngest children. Perfect for laptime reading, this visual treat in the style of Bishop's acclaimed *Red-Eyed Tree Frog* includes fun facts about koalas and their habitat.

A New York Times Notable Book The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other. During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn't even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. *American Baby* lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants' origins and destinations, then closing the door firmly between the parties forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. *American Baby* illuminates a dark time in our history and shows a path to reunion that can help heal the wounds inflicted by years of shame and secrecy.

The baby owls came out of their house, and they sat on the tree and waited. A big branch for Sarah, a small branch for Percy, and an old piece of ivy for Bill. When three baby owls awake one night to find their mother gone, they can't help but wonder where she is. Stunning illustrations from unique and striking perspectives capture the owls as they worry about their mother: What is she doing? When will she be back? What scary things move all around them? Not surprisingly, a joyous flapping and dancing and bouncing greets her return, lending a celebratory tone to the ending of this comforting tale. Never has the plight of young ones who miss their mother been so simply told or so beautifully rendered.

Explores the ways in which people from a variety of cultures carry their young ones, and describes what children see and learn as they are carried.

This beautiful baby record book features enchanting scenes and playful characters from *Mother Goose's Nursery Rhymes* by Axel Scheffler. Every page includes room for notes and pictures, and there are even spaces to write your very own photo captions! At the back of the book is a large pocket for treasured items, such as your baby's hospital bracelet and other mementoes. Simply fill in the book to create a treasured family keepsake, which will be perfect for re-reading and sharing with your child as they grow.

Mommy, Did I Grow in Your Tummy?

**A long time ago, it was just Mommy and me. We were very good friends. We did everything together. It was very nice. But then . . . things changed. A dog's world is turned upside-down when his owner brings home a new baby. How will the pooch adjust to the noisy, smelly, furless creature who is hogging all the attention? This humorous picture book story of a family dog's adjustment to the arrival of a new baby will appeal to young readers adjusting to new siblings themselves. Children will enjoy the story's unexpected voice: the first-person point-of-view of the dog. Exuberant, full-color, cartoon-style illustrations add to the fun. Hardcover picture book with dust jacket. 32 pages. 8-3/4 inches wide by 11-1/4 inches high. Author Linda Elovitz Marshall recalls how her first dog reacted when she brought home her first baby -- her pooch was not exactly a happy camper. Luckily, dog and baby ended up becoming the best of friends. Linda lives with her husband on a farm in the Hudson River Valley. Illustrator Ged Adamson grew up in Liverpool, England. As a boy, when he wasn't watching TV, he was drawing and doodling. And drawing dogs is something Ged does a lot. He drew the dog in this book as a corgi but Ged insists that it's not because the Queen of England has one, he just really likes corgis.**

**During the 1960s there had been much discussion about the plight of the unmarried mother and her child; but very little of it had been based on fact. At the time Mother and Baby Homes catered for between 11,000 and 12,000 unmarried mothers each year, out of a total of 70,000; but there was hardly one generalisation that would be applicable to all the Homes. Some were run by voluntary organisations, some by local authorities and some by religious groups. While some still retained the punitive attitude, others set themselves with much kindness to help the women - some of them mere schoolgirls, to face the difficulties of their position and to plan constructively for their own future and that of their babies. Originally published in 1968, this book gives the facts but, even more, it gives the feelings and ideas of those most concerned - the mothers-to-be and those who care for them. This is a careful and sensitive study. It was unique in putting on record for the first time the views of unmarried mothers themselves about the care they received. Everybody who is interested in the history of the health and welfare of the unmarried mother in residential care should read this book.**

**BABY'S FAVORITE LIFT-THE-FLAP FUN IN ONE BOX! Everybody in Baby's family loves Baby! Four lift-the-flap books about babies and their very special family members. THIS BOX SET CONTAINS: Where Is Baby's Mommy? Daddy and Me Grandpa and Me Grandma and Me**

**The honest, entertaining and brilliantly relatable Sunday Times bestseller. Kate Lawler has never been maternal. And yet here she is: mother to Noa, after years of going back and forth about having children at all. This is the story of her journey from parentally undecided to early motherhood, via raging hormones, sleepless nights, emergency hospital trips, mum guilt, unspoken regrets and post-natal depression. This book is not a parenting manual. It won't tell you what to pack in your hospital bag, or how to get your baby to sleep. It may not help you with feeding or dealing with tantrums. But it will show you that you're not alone - and that it's perfectly possible, and maybe even normal, to love your child with all of your heart while also feeling lost, alone and resentful. Whether you're an expectant parent, a new parent, firmly in the thick of it, or still parentally undecided, this book is for you, as Kate writes honestly and hilariously about the ups and downs of pregnancy, birth and early parenting, as well as the impact of a new baby on relationships, your sense of self and everything in between. It's a book that, with Kate's usual candour and wit, will help mums and dads everywhere feel seen - and completely understood. 'Wow what a read! I love it. Kate's honest, open, funny account of motherhood with all its highs and lows is a breath of fresh air and relatable for so many.' Gemma Atkinson 'Honest, brave and relatable mixed with humour. Kate, you've nailed it. Whether you are an expectant parent or simply not sure, Maybe Baby will give you tears and laughter - both in equal measures!' Frankie Bridge 'Maybe Baby is beautifully honest, open and brilliant. Full of humorous anecdotes, Kate has written a book for the EVERY-woman - those wanting children, those not, and those who are indecisively on the fence about the whole thing. Kate sharing her experiences, especially with PND, will help open up important conversations and support so many going through a similar situation.' Giovanna Fletcher 'This isn't just another mum book. Raw, honest, brutally funny, Kate has nailed the highs, lows, peaks and troughs of this rollercoaster of a parental ride.' Anna Whitehouse**

Growing Up Just Got Easier... With the help of Angus, the lovable Answer Dog, best-selling author Heidi Murkoff extends a hand to children and parents as they tackle life's first experiences together. Congratulations -- you're having another baby! You're excited and a little nervous, but most of all you're wondering how you're going to explain this miraculous, but complex, process to your older, but still very young, child. We're here to help you answer your child's questions about how a baby is created, how it grows, and how it comes out to join the family. Have fun!

Fully revised and updated edition of the classic bestselling baby and childcare manual The Complete Book of Mother and Babycare was the first baby book to provide illustrated step-by-step instructions on how to care for your baby. Now it is fully revised and updated to include the latest in babycare guidelines and recommendations - from sleeping advice to postnatal recovery. Packed with new, fresh photography and essential advice, tips and suggestions, this guides you through every stage of your pregnancy and beyond, up to the first three years of your baby's life. Clear, step-by-step photographs illustrate everything from postnatal checks to breastfeeding and nappy-changing. Plus, this will provide you with everything you need to recognize and treat common childhood illnesses and ailments. This is a classic must-have babycare manual.

Now updated! The new edition of this best-selling guide uses science to tackle some of the most important decisions facing new parents—from sleep training and vaccinations to breastfeeding and baby food. Is cosleeping safe? How important is breastfeeding? Are food allergies preventable? Should we be worried about the aluminum in vaccines? Searching for answers to these tough parenting questions can yield a deluge of conflicting advice. In this revised and expanded edition of The Science of Mom, Alice Callahan, a science writer whose work appears in the New York Times and the Washington Post, recognizes that families must make their own decisions and gives parents the tools to evaluate the evidence for themselves. Sharing the latest scientific research on raising healthy babies, she covers topics like the microbiome, attachment, vaccine safety, pacifiers, allergies, increasing breast milk production, and choosing an infant formula. As her son grows up from little boy to adult man, a mother secretly rocks him each night as he sleeps.

Where Is Baby's Turkey?

Where is Baby's Mommy?

Explaining a child's beginning, is sometimes difficult and considered taboo. This book is an honest, eye opening, and humorous, mother's attempt to satisfy her daughter's curiosity, of where babies come from?

\*THE SUNDAY TIMES BESTSELLER\* 'Really good ... accessible, sometimes shocking, honest, and feels written from the heart' - Bernardine Evaristo 'I gobbled it in one weekend and encourage everyone - mother, or otherwise - to do the same' - Pandora Sykes 'Remarkable' - Lorraine Kelly 'Searing' - Dolly Alderton 'I absolutely loved I Am Not Your Baby Mother' - Giovanna Fletcher 'Brilliant' - Sophie Ellis-Bextor 'An essential exploration of the realities of black motherhood in the UK' - Observer 'Urgent part-memoir, part-manifesto about black motherhood' - Red '[An] original and much-needed guide to navigating black motherhood' - Cosmopolitan 'The woman bringing a fresh perspective to the mumfluencer world' - Grazia 'Every mother, everywhere, should read this book' - OK Magazine

It's about time we made motherhood more diverse... When Candice fell pregnant and stepped into the motherhood playing field, she found her experience bore little resemblance to the glossy magazine photos of women in horizontal stripe tops and the pinned discussions on mumsnet about what pushchair to buy. Leafing through the piles of prenatal paraphernalia, she found herself wondering: "Where are all the black mothers?". Candice started blogging about motherhood in 2016 after making the simple but powerful observation that the way motherhood is portrayed in the British media is wholly unrepresentative of our society at large. The result is this thought-provoking, urgent and inspirational guide to life as a black mother. It explores the various stages in between pregnancy and waving your child off at the gates of primary school, while facing hurdles such as white privilege, racial micro-aggression and unconscious bias at every point. Candice does so with her trademark sense of humour and refreshing straight-talking, and the result is a call-to-arms that will allow mums like her to take control, scrapping the parenting rulebook to mother their own way.

Shape of a Boy is a hilarious memoir of one family's travels across the world, filled with funny anecdotes from exotic locations.

Mother and baby animal pairs share happy times reading books, taking naps, and playing together.

The Complete Book of Mother and Babycare

Provides simple explanations of the choices that face a couple who want a child and have not been able to have one in the traditional way, including fertility treatments, in vitro fertilization, egg and sperm donors, surrogates, and adoption.

A little baby looks for his dreidel, which has gone missing on Hanukkah, in a book with objects hidden beneath the flaps.

The baby board book Mommy Loves Baby presents an easy way of sharing a beautiful time with little ones. The author has created a lullaby that sets the mood to comfort and strengthen the bond between parent and child. These simple, flowing words can be spoken or can be put to music on the page. With lively animal illustrations, this interactive opportunity engages adults and children together. This sturdy board book is easy for little hands to hold while flipping through the artful vibrant animal family pages. Andrea Dickkut, the talented illustrator has amazingly captured the animals showing love and affection in their natural habitat. Together the author and illustrator demonstrate how animals, like humans show affection toward one another. The addition of 9 black and white sketches and 9 finished colored pictures are displayed at the end of the book to build cognitive skills.

Where is Baby?

A Mother, a Child, and the Secret History of Adoption

A tired mommy lets her daughter have a turn being the parent at bedtime in You Be Mommy, a humorously charming book from writer Karla Clark and illustrator Zoe Persico. Mommy's too tired to be Mommy tonight. Can you be Mommy tonight? In this clever, rhyming picture book, a mother tells her child that she's simply too tired to be Mommy tonight.

daughter to take over for her. An utterly relatable theme told with humor and heart provides a story parents and children can enjoy reading together at bedtime.

"This children's book encourages big brothers and big sisters to explore the development of their unborn little brother or sister throughout the weeks of their mother's pregnancy. Playful illustrations capture the perspective of a young child joyfully anticipating a new baby. Bible passages highlight God as the author of this new life. Children will have the opportunity to bond with their sibling before the birth and see God's creating hand in the process of gestation."--from Amazon.

A world of being new is waiting for little ones and the grown-ups who love them in this warm and funny book perfect for baby showers. From napping to crying, cuddling to playing, this book introduces the world with humor, honesty, and unconditional sweetness. Award-winning author and artist Lucy Knisley celebrates the joys of having—and being!—a baby in this timely celebration of new beginnings and the transformative power of love.

When her husband was cheating, the man he mistakenly provoked was a legend in Banyan City. He had monstrous wealth and his appearance was beautiful. She was a man with a special relationship with her ... — She was arranged to go on a date. The two little buns cried as they called her: "Dad is hitting us, help!" She rushed over with a head full of sweat. The man was rewarding the two little buns who had performed well ... She angrily said, "Mu Zhan Qian, my blind date has been destroyed!" The man said in a low voice, "If you want to remarry, why do you need to go so far? My child father, shouldn't he be better?"
