CMH Publication 70-56. Describes how the United States Army, Europe (USAREUR), assembled, prepared and deployed the powerful forces it contributed to the coalition effort in the Persian Gulf and how USAREUR accomplished these challenging missions while maintaining its continuing security responsibilities on the Continent and preparing to execute its program of force reductions. Discusses the complicated planning for the deployment and the rapid-fire implementation of those plans. L.C. card 97-39460.

This is the third edition of this publication which contains the latest information on vaccines and vaccination procedures for all the vaccine preventable infectious diseases that may occur in the UK or in travellers going outside of the UK, particularly those immunisations that comprise the routine immunisation programme for all children from birth to adolescence. It is divided into two sections: the first section covers principles, practices and procedures,

including issues of consent, contraindications, storage, distribution and disposal of vaccines, surveillance and monitoring, and the Vaccine Damage Payment Scheme; the second section covers the range of different diseases and vaccines.
