Retells twelve tales from Greek mythology, including the stories of King Midas, Echo and Narcissus, the Golden Apples, and Cupid and Psyche.

This collection contains more than 30 enthralling new retellings of favourite myths as well as some you might not have heard before! Including Theseus and the Minotaur, The Twelve Labours of Herakles, and the escapades of Jason and the Argonauts, each myth is told in engaging modern language, which is easy for children to understand yet still retains the humour and intrigue of the original tales. Stunning illustrations by multi-award winning artist Katie Ponder breathe new life into each classic story. Additional feature pages delve deeper into the mythical world, providing profiles of the gods. The reference section provides key background information, such as Ancient Greek storytelling and the incredible beasts of the myths, and a pronunciation guide. Greek Myths is the perfect gift, featuring foil on the cover and beautiful illustrations throughout. Children will love exploring the tales by themselves or as bedtime stories. It will be treasured forever.

Greek Mythology for Teens takes classical mythology to a new level by relating ancient stories to the culture, history, art, and literature of today. The book uses the innovative approach of reader's theater to teach mythology to teens, asking them to act out the stories and become engaged in a common learning experience. By looking at topics instrumental to both mythology and modern culture, teens are encouraged to question topics such as heroism, foolishness, love, and more. Each chapter builds on a particular theme found in the central myth and includes activities, discussion questions, and exercises that connect the myth to the modern world and everyday life. Visually-appealing sidebars also give background on Greek and Roman mythology and culture. Greek Mythology for Teens takes the classic myths taught in

the heart of the importance of mythology to different cultures worldwide. More than just stories, myths are a testament to the amazing creativity of humans striving to explain and make sense of the world around them. Here you will discover Zeus, god of the sky and ruler of the Olympian gods, and Loki, the cunning trickster with a knack for causing havoc, aided by his ability to change shape and gender. Beyond the gods and goddesses of Ancient Greek, Roman, and Norse myths, this book delves into the stories of the Australian aborigines, the Cherokee, and the Aztecs, each brimming with amazing characters and insights into human existence. This newest title in the bestselling Big Ideas series pairs engaging visual style with global coverage of world myths – profiling everything from the well-known tales of the Greeks, Norsemen, and Egyptians to the legends of the Caribbean, the Americas, Oceania, and East Asia – bringing the wisdom of the ages to life.

Four pop-up games in this book: The Trojan Horse, Odysseus, Theseus and the Minotaur, and Daedalus and Icarus. Includes an attached 14-page reading book telling the stories of the myths, an integrated spinner, and storage pocket. Educational and fun—and perfect for traveling.

Brief, simplified tales introduce youngsters to the gods and goddesses of ancient Greek mythology.

A Modern Interpretation of Greek Myths for the Classroom

War in Greek Mythology

Architecture, democracy, the Olympics—the modern world owes a lot to the ancient Greeks! In Explore Greek Myths! With 25 Great Projects, readers embark on a fascinating journey to explore the myths that infused ancient Greek culture, civilization, and innovation. Readers will learn how these myths, popular more than 3,000 years ago, have provided fundamental support to today's art, architecture, mathematics, science, philosophy, literature, and government. Readers

will read about the adventures of many Greek gods, such as Zeus, who could throw lightning bolts and Athena, who personally protected the city of Athens. Readers will also meet great heroes, including the mighty Heracles, Perseus, who freed a princess chained to a rock, and Odysseus, who battled with a one-eyed giant called a Cyclopes. These characters and creatures serve to both entertain and offer lessons in morality, while also explaining the natural phenomenon that the ancient Greeks had no scientific explanation for. The lively text, surprising fun facts, jokes, and colorful illustrations encourage children to explore Greek mythology and make connections to our modern culture and language. Hands-on activities include making a topographical map of ancient Greece and designing Greek columns, while links to online primary sources encourage readers to explore the topic independently.

The story of Pandora and her box, snake-haired Medusa, and the greedy King Midas are three of the twelve myths presented in a colorfully illustrated collection of Greek myths.

"Includes 21 reproducible activities that provide an excellent system for student assessment ... Addresses the National Education Standards."--Pg.4 of cover.

Introduces children to the gods, people and beliefs of ancient Greek myths.

Introduces monsters from Greek and Roman mythology, such as the basilisk and the phoenix, and includes a "monster quiz" and pronunciation guide.

While the ancient Roman pantheon in many ways resembles that of ancient Greece, there is much that sets apart Roman mythology. Romans also borrowed from the religions of ancient Egypt, Asia Minor, and the Middle East, and legendary figures such as Romulus and Remus, tied closely to the history of Rome, feature prominently in ancient stories. The major and lesser figures of Roman mythology are presented in this vibrant volume with sidebars spotlighting related facts and concepts about Roman mythology and religion.

Make your classroom a place of celebration with the creative ideas in this packet that focus on ancient civilizations. Each special day includes suggestions for incorporating it into your regular curriculum, such as language arts, social studies, math, science, and sensory experiences. The celebrations in this packet include Greek Mythology Day, and Mummies and Pyramids Day. With these ideas, your students will have fun and look forward to learning.

Giving Western literature and art many of its most enduring themes and archetypes, Greek mythology and the gods and goddesses at its core are a fundamental part of the popular imagination. At the heart of Greek mythology are exciting stories of drama, action, and adventure featuring gods and goddesses, who, while physically superior to humans, share many of their weaknesses. Readers will be introduced to the many figures once believed to populate Mount Olympus as well as related concepts and facts about the Greek mythological tradition.

The ancient Greeks told stories about their gods and these stories were later called myths and became part of Greek mythology. Even today, myths about ancient Greek gods, goddesses and heroes are quite popular. In fact, many of the products we buy today get their names from Greek mythology. The very popular Amazon.com got its name from a race of mythical female warriors. The ever popular, Nike, got its name from the goddess of victory. That's not all. The Titans, the Spartans, and Trojans are popular sports teams, but their names are actually derived from ancient Greek stories. There is no single original text in Greek mythology. In fact, it is known mostly from Greek literature. Among the earliest literary sources are Iliad and Odyssey, epics written by Homer, which date back to 8th century BC. The epics talk about the mythical Trojan War was both a divine as well as a human war. The epics don't explain the different gods and goddesses, but assume that the readers are already familiar with them. A possible contemporary of Homer, Hesiod, wrote Theogony or the Origin of Gods. He mentions the earliest Greek myths in this literary source, including the ones about the origin of the gods, and the creation of the world. He also introduces the myths of Prometheus, Pandora and the Five Ages in another book of his, which went by the name of Works and Days. Basically, stories about ancient Greece have actually been picked up from various literary sources and there are so many gods and goddesses, so many monsters and heroes, and so many places and events to describe that even thousands of pages would probably not be enough to describe all of them. In this book, we will be discussing some of the most popular figures and events of Greek mythology and we hope you enjoy reading about them as much as everyone who has known these stories for ages.

Long, long ago in ancient Greece, people began telling wonderful stories to explain the mysteries of life. These myths featured gods and goddesses, mighty beings who look human but have amazing powers and live forever. Now you can meet these extraordinary characters and hear their legends, brought to life again by Aliko in this splendid, panoramic look at the amazing stories and characters of Greek legend. "[Will meet the] demand for basic information on the gods and goddesses at the primary level."—BL. "Aliko's fans will welcome her introduction to these famous Greeks."—SLJ. 1994 "Pick of the Lists" (ABA)

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Even though war, and conflict generally, feature prominently in Greek mythology, comparatively little has been written on the subject. This is surprising because wars and battles in Greek mythology are freighted with symbolism and laden with meaning and significance – historical, political, social and cultural. The gods and goddesses of war are prominent members of the Greek pantheon: the battles fought by and between Olympians, Titans, giants and Amazons, between centaurs and lapiths, were pivotal in Greek civilization. The Trojan War itself had huge and far-reaching consequences for subsequent Greek culture. The ubiquity of war themes in the Greek myths is a reflection of the prominence of war in everyday Greek life and society, which makes the relative obscurity of published literature all the more puzzling. This book redresses this by showing how conflict in mythology and legend resonated loudly as essential, existentialist even, symbols in Greek culture and how they are represented in classical literature, philosophy, religion, feminism, art, statuary, ceramics, architecture, numismatics, etymology, astronomy, even vulcanology.

This teacher-written resource will help kids learn about the genre of mythology and build important vocabulary. Activities include a mock interview with a god or goddess, a reproducible board game, mapping activities, a read-aloud play, and lots more. For use with Grades 5 & Up.

If your child is struggling with social science, then this book is for you; the short book covers the topic and also contains 10 discussion questions, 10 activities, and 20 quiz style questions. This subject comes from the book "Sixth Grade Social Science (For Homeschool or Extra Practice)"; it more thoroughly covers more Sixth grade topics to help your child get a better understanding of Sixth grade social science. If you purchased that book, or plan to purchase that book, do not purchase this, as the activities are the same.
