*A young vigilante and a brooding polar bear god team up to solve a series of supernatural murders in this "action-packed urban fantasy" (Publishers Weekly) inspired by Inuit mythology, perfect for fans of Tamsyn Muir, Rebecca Roanhorse, and Fonda Lee. In a city of gods and mortals, secrets never die. The gods walk among us. Some lurk in the shadows, masquerading as mortals; others embrace their celebrity status, launching careers from Hollywood to Capitol Hill. One of them just murdered Cairn Delacroix's mother. As Cairn sifts through the rubble, she uncovers a conspiracy two decades in the making: a cursed island, the fellowship of gods who journeyed there, and the unspeakable act that intertwined their fates. One by one, the members of that voyage are dying, and Cairn's investigations land her--and the woman she loves--in the crosshairs of the rogue goddess responsible. With the help of Nanook, a polar bear god turned detective, Cairn*

**By illuminating the striking affinity between the most innovative aspects of postmodern thought and religious mystical discourse, *Shadow of Spirit* challenges the long established assumption that western thought is committed to nihilism. This collection of essays by internationally recognised scholars explores the implications of the fascination with the 'sacred', 'divine' or 'infinite' which characterizes much contemporary thought. It shows how these concerns have surfaced in the work of Derrida, Baudrillard, Lyotard, Kristeva, Irigaray and others. Examining the connection between this postmodern 'turn' and the current search for a new discourse of ethics and politics, it also stresses the contribution made by feminist thought to this unexpected intellectual direction.**

**New Year's Eve, 1934. While Honolulu celebrates with champagne and fireworks, someone is making away with the Bishop Museum's portrait of King Kalakaua and its curator. **killer. Honolulu in the 1930s is a unique (and volatile) mix of the provincial and the urban, East and West, islander and mainlander. Mina and Ned, both of Polynesian descent, confront the complexities and contradictions of Island life as their investigation takes them into the heart of Honolulu society and close-knit local families, whose intricate histories and relationships will have a direct impact on future lives and events. A lively cast of characters aids Mina and Ned in their search for answers: Cecily Chang, an antiques and explosives expert, steers them through Chinatown's back alleys; Hinano Kahana, a hula chanter and dancer, brings Ned closer to solving an ancient riddle; Mina's grandmother, Hannah, helps them unlock a secret from the past. Prewar Honolulu comes to life in this thoroughly entertaining mystery that evokes a colorful bygone era. The Mina Beckwith and Ned Manusia series continues with *Murder Leaves Its Mark*, available September 2011.**

our own pathway through life. The first part of this book attempts to capture a fragment of Who God is in poetry and verse. The second part is stories from the life of the author and her ancestors which proclaim God in every day living. God is to be in every part and aspect of life, and this book relates stories of life's joys, sorrows, heartrending trials, triumphs, and special times with God, as well as the mundane and the funny happenings of living. There are also poems of God's hand in nature outside the author's backdoor. To proclaim God, you must also live God. This book presents not only His Word but also how His Word can be applied to real-life situations and God's faithfulness throughout generations.

*Where Is God in a Violent World?*

***In the century and a half since Darwin's Origin of Species, there has been an ongoing--and often vociferously argued--conversation about our species' place in creation and its relationship to a Creator. A growing number of academic professionals see no conflict between Darwin's view of life and the Christian faith. Dubbed "theistic evolution," this brand of Christianity holds that God has used processes like Darwinian evolution to achieve his creation. But is that true? Can Darwin's mechanism of natural selection acting on chance mutations be reconciled with God's intentionality in producing particular outcomes? Does humanity represent the apex of his creation, or just an erasable and ephemeral signpost along a path still being revealed? Does theistic evolution permit God to intervene supernaturally in the workings of his creation? Can we as humans be made in the image of God if we are just one of the millions of products of evolution? Can we salvage concepts like freewill, meaning, purpose, or an eternal soul within theistic evolution? In this book, Wayne Rossiter assess theistic evolution, and whether or not it is consistent with Christianity and secular science. His conclusion is that it bears little resemblance to classical Christianity, and promotes a century-old understanding of evolutionary theory. Theistic evolution renders God a passive player in creation, so far removed and undetectable that he resembles a mere shadow of the Creator described in***

**more about the living God. The first book in a two-part series, A Shadow of Good Things to Come, is a colorful book of Jewish history, dating from the time of creation with the Ancient of Days to king David. You will learn that God had a plan to save mankind, and He implemented that plan through the Jewish nation. Told in Bible-story form, you will find answers to many questions you may have about the Bible and man's relationship with God, questions such as: - Who is the true living God? - What is the purpose of man? - What promises did God give Abraham and his descendants through Isaac? - Why and how did God choose the nation of Israel to be His people? - Why and how did God set up the law and sacrificial system? - Why is Jesus called the Son of David? "Deeper Insight" study questions are provided at the end of each chapter. "I always wondered why a loving God would bring so much death and annihilation to people in the Old Testament. Now I understand. Sin was rampant, and evil men threatened the very existence of the future seed of Abraham, through whom Christ, the Savior of mankind, would come. This is a wonderful Bible-based, simply-stated study that all Christians will enjoy." Frances Henderson "This is a good book for Christians who want to learn, in detail, about the twelve Tribes of Israel and their lineage leading to the birth of Christ. I was amazed to scripturally learn about the division of the land God gave to the Israelites. If you ever had doubts about Jesus, you won't anymore." Trudy Meriedth**

Art is a spiritual ministry that must be studied, nurtured, and influenced by the church. Christian artists need to understand the weighty responsibilities of their calling, and the church must understand the importance of art as a divinely appointed ministry. In *The Shadow of Beauty*, S. Talmond Brown urges artists and church leaders to realize the need for a mission to reestablish the church's cultural authority and recognize art as a God-honored career. Brown includes works by such renowned artists as Leonardo da Vinci and William Blake, presenting biblical proof that all art forms—including paintings, sculptures, music, and literature—are an important means

by which artists and non-artists alike can spread God's Word and should be developed to the fullest. Covering such subjects as biblical enigmas, the potential benefits and dangers of art, and the role of art in redeeming our culture, Brown poignantly recounts the church's aesthetic history, revealing the keys to discovering the truth hiding behind The Shadow of Beauty. Stephen Talmond Brown has published the most systematic approach to a truly Reformed Christian theory and practice of art attempted in decades. Equal parts devotional, aesthetic theory, church history, and reformed apologetics, The Shadow of Beauty rolls along with a spiritual rigor and elegance rare for our age. —Tony Norman, Columnist/Associate Editor, Pittsburgh Post-Gazette

Game of Thrones has changed the landscape of television during an era hailed as the Golden Age of TV. An adaptation of George R.R. Martin's epic fantasy *A Song of Fire and Ice*, the HBO series has taken on a life of its own with original plotlines that advance past those of Martin's books. The death of protagonist Ned Stark at the end of Season One launched a killing spree in television--major characters now die on popular shows weekly. While many shows kill off characters for pure shock value, death on *Game of Thrones* produces seismic shifts in power dynamics--and resurrected bodies that continue to fight. This collection of new essays explores how power, death, gender, and performance intertwine in the series.

Lexi didn't set out to steal a god's ring, but when a magic artifact starts trying to talk to you, what's a girl supposed to do? She's always had the ability to talk to animals, but this new development amps up the crazy. Now she's afraid her power is out of control and she's losing her mind. The only person who could possibly reassure her that she's not going mad is her mother, who has always refused to discuss the source of Lexi's strange ability. Now that the jewellery is getting chatty, maybe she'll finally spill the beans. Unfortunately, going home means a trip back to the human territories, and Lexi only just made it out of there alive last time. She's hoping for a quick visit, but with a god hellbent on retrieving the ring and a fireshaper she might have accidentally betrayed on her tail, life is about to get horribly complicated--for her and everyone she cares about.
