*Organizing a Christmas Day wedding in two weeks is insane. Dylan proposed the week of Thanksgiving and suggested a Christmas wedding. We met on Christmas Eve, but he means this year. It's a private argument I'm winning—until he tells his rockstar friends and their wives who are my best gals. Now everyone's excited! Complicating things? I took a pregnancy test the day before that proposal, Dylan lives in L.A., and I live in Big Bear. That baby's coming in six-ish months, so we need a house, which I have on the mountain—we met in a snowstorm—but he doesn't want the two-hour commute. It's the first big test of our relationship and it scares me. Which will win—my practical side or the magic of the season? This story is intended for readers 18 and over due to adult language, sexual content, and adult situations. Picks up where *The Pianist* ended and is a sequel to *The Bassist*. My *Once and Future Love Revisited* #8. Search terms: Christmas romance, holiday romance, small town, mountain cabin, writer heroine, rockstar romance, rock star romance, bass player, rockstar series, Los Angeles, celebrity hero, happily ever after, Christmas wedding, secret baby, pregnancy romance,*

*The Hart brothers have set the music world on fire since their debut album dropped. They've relished the rockstar lifestyle ... and all the perks that come with it. But these four alpha brothers are more than just rockstars. The Hart brothers are bear shifters, and each one of them has a curvy mate fated just for them, if they can look beyond the limelight. *Sweet Bear O'Mine*: Jax Hart loves being a rockstar. Tiff Anderson is the furthest thing from a groupie. But when they meet, Jax knows instantly that she's his fated mate. Can he convince her that he's done with the rockstar lifestyle before his shifter past comes back to haunt them? *Every Bear Has its Thorn*: Emily St. Clair is a good girl, determined to prove to the world that there is more to her than her father's name. Chase Hart is a bad boy, determined to avoid finding his fated mate. They can't deny the chemistry between them, but can they survive when their worlds collide? *Some Bear Out There*: "Dreary Drew" Hart doesn't mind that the press is less interested in him than his brothers. He's got plenty to keep him busy: being a rockstar, being the presumptive ruler of his clan, and, when he meets music journalist Nina Marten, convincing his mate that she wants to share his life. *When a Bear Loves a Woman*: Grace Lopez is desperately trying to keep her little brother out of the clan wars tearing the shifter world apart. When a mysterious singer wanders into her life, she doesn't recognize rockstar Bret Hart, but she does recognize a fellow shifter ... whose family is at war with hers. Can they find a way to tame their rockstar personas and satisfy the bears lurking inside? True happiness and wild success await, but only if these ladies can find a way into their Hart.*
