

Pmp Guide

There are two unique features of this book that distinguish it from other books in the area of project management: 1. It is a product of partnership with PMI 2. The book contains over 100 figures. It is a unique technique of utilizing graphical approach to studying project management methodology and passing CAPM and/or PMP exam(s).

Note: This pocket book is available in several languages: English, German, French, Spanish, Dutch. This pocket guide is based on the PMBOK® Guide Fifth Edition. It contains a summary of the PMBOK® Guide, to provide a quick introduction as well as a structured overview of this framework for project management. This pocket guide deals with the key issues and themes within project management and the PMBOK® Guide as follows: - Key terms and definitions in the project management profession- A short overview of the activities of PMI Inc., the organization and its standards: PMBOK® Guide, Standard for Project Portfolio Management, Standard for Program Management and other standards.- The essentials of the Project Lifecycle and Organization. - What are the key project management knowledge areas and processes? Main target Group for this pocket guide is anyone with an interest in understanding the PMBOK® Guide framework or a systematic approach for project management. The book is also very useful for members of a project management team in a project environment using the PMBOK® Guide as a shared reference. A complete but concise description of the PMBOK® Guide, for anyone involved in projects or project management, for only 15,95!

This up-to-date self-study system offers 100% coverage of every topic on the CAPM and PMP exams Thoroughly revised for the current PMI Project Management Body of Knowledge (PMBOK Guide), this up-to-date resource offers complete coverage of all the material included on the Certified Associate in Project Management and Project Management Professional exams. You'll find learning objectives at the beginning of each chapter, exam tips, and practice exam questions with in-depth answer explanations. Written by a leading project management consultant and trainer, CAPM/PMP Project Management Certification All-in-One Exam Guide, Fourth Edition will help you pass the exams with ease and will also serve as an essential on-the-job reference. Covers all exam topics, including:

•Project integration management •Managing the project scope •Managing project time, costs, and quality •Managing project resources •Managing project communications •Managing project risks •Project procurement management •Managing project stakeholders •Project management processes

Electronic content includes: •750 CAPM and PMP practice exam questions—test yourself by exam domain or take a complete exam •Bonus process review quiz •Video training from the author •Process ITTO Quick Review Guide •PMP Memory Sheets •Secured Book PDF

Why you need this PMP guide: • Coverage of the 100% of the exam content • Lots of figures and tables for faster preparation • ITTO-made-easy with diagrams and built-in text • Simple explanations for difficult concepts • Synopsis and formulas section ... for reference before the PMP exam • Easy-to-follow layout • 400+ sample questions with detailed explanations • Full-length practice exam • Tips for practical project management • How-to for Microsoft Project (MPP) application This book is a must-have for those preparing for PMP certification. It is different than existing books because we believe that PMP preparation can be quick and efficient. We have read the existing books and taken the PMP exam and we have found that most books contain unnecessary content. • Reduce your preparation time: There are several books in the market that have pages of painful and irrelevant text that would just be a waste of your time. This book has text that is concise and relevant for the exam. • Figures and tables: There are 200+ figures and tables in the book. When text is needed to explain the figure, the text is embedded into the figure, rather than forcing you to read long paragraphs and pages of commentary to find relevant material. • Personalized, conversational style: When possible, we use conversational style to make for easier reading. • Active learning: We believe that learning is best when the reader is involved (instead of doing a show and tell). Wherever applicable (e.g. for schedule, cost, quality, risk, procurement), there are workbook-style exercises. • Examples: You will find lots of examples followed by its underlying concept or generalized step-by-step procedure. This sequence makes it easier to understand concepts. **REVIEW FROM CONTACT 1:** I have studied various PMP guides and tutorials in the market. But this book is different, stands out and would be the best companion guide to the PMBOK. Difficult concepts are presented in a style that is easy to follow. The content is concise and supported by illustrative figures and tables. This will save you from wasting your time on irrelevant or copious content. In my opinion, this is the **ONLY** book you will need to pass the PMP exam. Other printed books and online sites have questions that are easier than the PMP exam and some wrong and answers and explanations. The 400+ questions are at the same level of rigor as you will find in the PMP exam. I wish I had this guide when I prepared for the PMP exam. - Andrew Anderson, PMP, Los Angeles, CA

Paving the Way for PMP® Certification

PMP Exam Prep Book

Based on PMBOK® Guide Sixth Edition

A Guide to the Project Management Body of Knowledge (Pmbok(r) Guide) - Seventh Edition

TestSoup's Guide for the PMP Exam

PMP STUDY GUIDE ...BASED ON PMBOK GUIDE.

This book is for everyone who wants a readable introduction to best practice Project Management, as described by the PMBOK® Guide 4th Edition of the Project Management Institute (PMI), "the world's leading association for the project management profession." It is particularly useful for applicants for the PMI's PMP® (Project Management Professional) and CAPM® (Certified Associate of Project Management) examinations, which are based mostly on the PMBOK® Guide.

This book can also be studied alone by anyone as a general introduction to Project Management. The style and language of this book have also been selected to make them particularly suitable for readers who use English as a foreign language.

Passing the exam is no easy task, no matter how many books or videos you study. You will need to take exam like questions in order to be prepared for the real test. This book will give you the exam like experience you need in order to pass the actual exam on your first try. Almost all PMP exam questions are scenarios, which will test your ability to choose the best answer. The questions in this book are mostly scenarios and are formatted just like the actual exam. They will test your skills and knowledge of selecting the best answer. All questions comes with a detail explanations of why a choice was correct and why the others were wrong.

?Revised for new 2018 Exam based on PMBOK Sixth Edition + AGILE ?Proven Strategies And Tips That Will Help You Pass The PMP Exam On Your First Attempt. See Reviews, To Believe? Do you know that more than 55% of the people fail in their first attempt to pass the PMP Exam? Also, if you fail 3 times within a year, you have to wait a whole year before you can try it again, not to forget the struggle of studying again and the expenses associated for the re-exam. Worst! if the PMBOK changes. Almost all PMP Certified said: "The exam is not that difficult, but need to have an effective strategy to nail it". Then why should you spend months on cramming pages of books and studying materials that merely consumes your time and energy and returns little value for your exam? Honestly, no one cares if you study hundreds of books or just spend few weeks prepping for the exam. The only thing that matters is a flash message on your exam computer screen stating "Congratulations! on Passing the PMP Exam". Do you want to know how this is possible? The answer lies in "By Studying Smart! So, why not get it done the smart way! PMP EXAM PREP GUIDE - OUTWITTING THE PMP EXAM; YOUR ANSWER TO THE SMART WAY. If you ask the Super PMPs, they will say "Passing this exam is not that difficult if you understanding the exam, and know how you crack the code behind it. Once you know how to and what to expect and the best way to outsmart (aka outwit) it, you will pass this exam with flying colors". So, what do you get in this guide? A 2-Month Study Plan that focuses on one thing: PMP CERTIFICATION. The study plan will guide you how to read PMBOK+AGILE, and any of the supplement guide like Rita Mulcahy's "PMP Exam Prep" or Andy Crowe's "The PMP Exam" or Head First PMP. PMP Project Management Professional Practice Tests

A study guide to mastering project management for the PMP® exam

This book is a valuable resource as it provides an introduction to project management's generally recognized good practices as described in A Guide to the Project Management Body of Knowledge (PMBOK® Guide)– Fourth Edition, published by Project Management Institute (PMI), the world's leading association

for the project management profession. Style and language make Overview of the PMBOK® Guide especially useful for individuals who speak English as a foreign language and are preparing for PMI's certifications, particularly the Certified Associate in Project Management (CAPM®) and the Project Management Professional (PMP®). The CAPM demonstrates an understanding of the principles and terminology of the PMBOK® Guide. The PMP demonstrates experience, education and competency to successfully lead and direct projects. The PMBOK® Guide is a foundational resource for all PMI certifications.

The PMP Study Guide is a comprehensive study aid for the upcoming Project Management Professional (PMP) certification administered by PMI. The book is designed to prepare readers for the PMP exam, as well as serve as a good reference for acting project managers. The book will cover the Project Management Process and Procedures outlined in A Guide to the Project Management Body of Knowledge. 5th Edition. Readers will benefit from the detailed discussion of the wide-range of project management and exam topics, concepts, and key terms, and will present the material in a logical manner: each section builds upon previous sections and a chapter on previous chapters. The book will cover the exam outline 100%. Each chapter will include a list of topics covered in that chapter, following by in-depth discussion of those objectives, complete with hands-on Real World Scenarios and How This Applies to Your Current Project sidebars. The chapter will conclude with an Exam Essentials section and comprehensive review questions. The companion study tools include leading-edge exam prep software with test engine of practice questions and electronic flashcards. In addition, there will be over 2 hours of additional audio. Bonus Content: The book also prepares those studying for the new Certified Associate in Project Management (CAPM) program offered by PMI by including two bonus CAPM exams.

Whether you're a current project manager seeking to validate the skills and knowledge acquired through years of practical experience or a newcomer to the PM field looking to strengthen your resume, the PMP certification from the Project Management Institute (PMI) provides you with the means to do so. This updated edition of the best-selling PMP: Project Management Professional Study Guide was developed to help you prepare for this challenging exam, and includes additional study tools designed to reinforce understanding of critical subject areas. Key Topics Include: Project Initiation. Determining project goals, identifying constraints and assumptions, defining strategies, producing documentation. Project Planning. Refining a project, creating a WBS, developing a resource management plan, establishing controls, obtaining approval. Project Execution. Committing and implementing resources, managing and communicating progress, implementing quality assurance procedures. Project Control. Measuring Performance, taking corrective action, ensuring compliance, reassessing control plans, responding to risk event triggers. Project Closing. Documenting lessons learned, facilitating closure, preserving records and tools, releasing resources. Professional Responsibility. Ensuring integrity, contributing to knowledge base, balancing stakeholder interests, respecting differences. Note:CD-ROM/DVD and other

supplementary materials are not included as part of eBook file.

"The purpose of this workbook is to provide ... meaningful exercises and homework problems that will enhance the knowledge of the subjects included in the textbook Project management: a systems approach to planning, scheduling, and controlling (12th edition) by Harold Kerzner, Ph.D"--Page xi.

Short Cuts for PMP® Certification

Achieve PMP Exam Success

PMP Exam Study Guide

PMP Project Management Professional Exam Study Guide

The Velociteach All-In-One PMP Exam Prep Kit

PMP: Project Management Professional Study Guide

This PMP® certification study guide is a complete and up-to-date resource covering project management best practices and topics from the PMBOK Guide, 6th edition. It covers 49 processes, along with exam tips, and presents the concepts of project management succinctly for a full understanding of the content to help you take and pass the PMP® exam.

A Guide to the Project Management Body of Knowledge (PMBOK(R) Guide) is the go-to resource for project management practitioners. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK(R) Guide - Seventh Edition is structured around eight project performance domains. Both the standard and the guide reflect the wide range of development approaches that lead to value delivery. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative, and nimble in enabling desired project outcomes. This edition of the PMBOK(R) Guide: reflects the full range of development

approaches (predictive, adaptive, hybrid, etc.); provides an entire section devoted to tailoring the development approach and processes; includes an expanded list of models, methods, and artifacts; focuses on not just delivering project outputs but also enabling outcomes; and integrates with PMI standards+(TM) for information and standards application content based on project type, development approach, and industry sector.

Essential Project Management Skills--Made Easy! This accessible guide bridges the gap between being a project manager and becoming a globally recognized Project Management Professional (PMP). Covering the latest PMP exam content from the Project Management Institute (PMI), the book explains PMI's worldwide standard methods, nine knowledge areas, and 42 processes. You'll learn proven strategies for improving project efficiency and effectiveness, balancing constraints, communicating timely and accurate project status, and successfully bringing a project to completion. A real-world case study that's followed throughout the book provides helpful examples, checklists, and proven project results. Designed for Easy Learning: Key Skills & Concepts--Chapter-opening lists of specific skills covered in the chapter Ask the Expert--Q&A sections filled with bonus information and helpful tips Try This--Hands-on exercises that show you how to apply your skills Notes--Extra information related to the topic being covered Tips--Helpful reminders to help you prepare for the PMP exam Master all five PMP domains and boost your confidence for exam day PMP: Project Management Professional Practice Tests provides candidates with an ideal study aid for PMP exam preparation. Fully aligned with the A Guide to the Project Management Body of Knowledge (PMBOK® Guide), 6th edition, this book provides practice questions covering all five performance domains. Five unique 160- question chapter tests, as well as one practice exam cover Initiating; Planning; Executing; Monitoring and Controlling; and Closing to help you pinpoint weak areas while there is still time to review. An additional 200-question practice test provides a bonus exam--1000 questions in all--, and a year of FREE access to the Sybex interactive online learning environment puts a test bank, practice questions, and more at your disposal. The PMP exam is a challenging four-hour, 200-question validation of your project management knowledge. Mimicking exam conditions is one of the best ways to prepare, and this book is designed to test your knowledge, focus, and mental endurance to get you fully prepared for the big day. Test your project management knowledge with 1,000 challenging questions Prepare using up-to-date material that accurately reflect the current exam Access digital study tools including electronic flashcards and additional practice questions In today's IT marketplace, qualified project managers are heavily in demand as employers increasingly require those who are capable of managing larger and more complex projects. The PMP certification shows that you know, understand, and can practice PMBOK guidelines to a rigorous level, and is considered the premier project management qualification out there—so when exam day arrives, complete preparation becomes critical to your success. PMP: Project Management Professional Practice Tests help you gauge your progress, preview exam day, and focus your study time so you can conquer the exam with confidence. PMP Total Test Prep

A pocket companion to PMI's PMBOK Guide Fifth edition

A Concise Study Guide for the Busy Project Manager

**PMP: Project Management Professional Exam Study Guide
Belinda's Program for Exam Success
Based on the 6th Edition of the PMBOK Guide: 6th Edition**

"Mometrix Test Preparation's PMP Exam Prep 2021 and 2022 - Project Management Professional Certification Secrets Study Guide is the ideal prep solution for anyone who wants to pass their Project Management Professional Exam. The exam is extremely challenging and thorough test preparation is essential for success. Our study guide includes: Practice test questions with detailed answer explanations and strategies to help you get your best test performance ; A complete review of all PMBoK sections. PMP is a certification administered by the Project Management Institute, which was not involved in the production of, and does not endorse, this product. The Mometrix Test Preparation study guide contains all the critical information you will need in order to do well on your PMP exam: the concepts, procedures, principles, and vocabulary that the Project Management Institute (PMI) expects you to have mastered before sitting for your exam. PMBoK sections include: Project Management Elements ; Project Operating Environment ; Role of the Project Manager ; Project Integration Management ; Project Scope Management ; Project Schedule Management ; Project Cost Management ; Project Quality Management ; Project Resource Management ; Project Communications Management ; Project Risk Management ; Project Procurement Management ; Project Stakeholder Management and much more! Our guide is full of specific and detailed information that will be key to passing your exam. Concepts and principles are simply named or described in passing, but are explained in detail. The Mometrix PMP study guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as the questions and answer explanations, and that's another area where our guide stands out. The Mometrix test prep team has prepared PMP practice test questions to prepare you for what to expect on the actual exam. Each answer is explained in depth, in order to show the principles and reasoning behind it crystal clear. We've helped hundreds of thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for Mometrix Test Preparation guides, and our PMP Exam Prep 2021 and 2022 - Project Management Professional Certification Secrets Study Guide is no exception. It's an excellent investment in your future. Get the PMP review you need to be successful on your exam." --
