The first novel in a masterful trilogy by #1 New York Times bestselling author Scott Westerfeld that School Library Journal hailed is "sure to become a classic." It is set on the cusp of World War I. The Austro-Hungarians and Germans have their Clankers, steam-driven iron machines loaded with guns and ammunition. The British Darwinists employ genetically fabricated animals as their weapons. Their Leviathan is a whale airship, and the most majestic beast in the British fleet. Aleksandar Ferdinand, a Clanker, and Deryn Sharp, a Darwinist, are on opposite

sides of the war. But their paths cross in the most unexpected way, taking them both aboard the Leviathan on a fantastical, around-the-world adventure....One that will change both their lives forever.

Have you ever experienced traumatic storms where all you could do was fall to your knees and plead for relief? Have you ever looked at your storm and wondered, why me, why must I suffer while others rise to greatness. Or have you thought to yourself how am I supposed to escape the storm, when everything is pulling me back in? What I told you that thriving is a choice? No matter how many storms you endure, the decision to thrive or die is yours.
