Seeking to characterize and to vitalize life in a small, rural Texas community as it existed during the Depression, Cindy Holster has introduced in ten short stories a number of characters whose lives reflect not only the hard times they experienced but the various ways in which they coped with them. While the stories touch on a number of issues that might be considered contemporary or even timeless—racism, mental illness, infidelity, ignorance, and intolerance—they also emphasize Christian values and morality. Many of the characters are recurring within the stories, and some emerge as leaders. Walter and Ora Mae Cooper and their son Benjamin are identifiable by their character and compassion, and the Cooper Grocery is revisited again and again as the heart of the community. The Coopers repeatedly reach out to the members of the community and are sought out for counsel, solace, and friendship. The characters are diverse, even eccentric, and all have surprising and sometimes unsettling aspects to their lives.

Ever since the beginning of the world, man has contained within him an insatiable desire to be the captain of his own ship and master of his own fate. It's a natural flaw in man in our fallen state. It really becomes problematic when pride prevents one from looking outside their selves for help or for the correct answers in life. It's not that God has abandoned us with no direction or answers, it is simply the failure to launch in oneself a humbling posture to allow us to receive that which God has given to us freely""his wisdom. "If any of you lacks wisdom, let him ask God, who gives generously to all without reproach, and it will be given him" (Jas 1:5, ESV). After years of history on display, man makes the same mistake every day. He understands what faith is and knows how to apply it but fails to seek out wisdom to point him in the right direction to place his faith. Where you place your faith determines the directions your path of life will be. Will you travel the long, hard, pothole-ridden dusty road, or the well""paved, smooth, and straight road that sojourners decided to take before you to success. Why not follow them and make it easier on yourself? The book is my commentary of examples from my life where it seemed I always did it the hard way. Taking the wrong road because I trusted my feelings instead of the trusted GPS (men never stop to ask for directions). I wrote this book from my failures and my search for truth to help others reach for wisdom in decision-making processes. Of course, everyone still has that great gift from God of freedom of choice to make decisions in what they think is right. In the end, it may lead to the lemonade stand. (Proverbs 14:12)

Jewel Society #1: Catch Us If You Can

Jennie de Villiers, an idealistic and politically engaged student, suddenly has to flee her native South Africa with a boyfriend whom she no longer loves—only to be stranded as an exile in neighbouring Swaziland. Fending for herself in a new culture, she discovers new ways of living and a kind of music that moves her deeply. As the story moves between Africa and 1970s London, the music of different cultures is woven through the narrative. Jennie works, studies, learns music and tries to bring these various strands together to create a fulfilling and meaningful life, as well as discover her way forward—personally and professionally. Lyrically written, extremely engrossing and deeply moving, *If you can walk you can dance* exemplifies the thought—‘the personal is political’. Its depiction of a young woman’s life as she travels across frontiers and cultures, reaffirms the healing power of music and the redemptive nature of human connections.

True success and happiness belong to those who master the art of creating their lives rather than getting better at changing their circumstances. It's remarkable that we humans remain quite a mystery to ourselves. While we are learning much about how our bodies and brains function, we are still in search of the why and how of human nature and behavior. The key to a great life starts with the recognition that you and I, all human beings, are creating our lives moment by moment. We are doing so without the slightest recognition of how we are doing it. In If I Can, You Can, David Zelman lays out the Transitions Process, which gives individuals access to themselves. Readers will discover the source of their innate ability to intentionally and committedly generate a

future of their own choosing.

Outlines an alternative approach for setting boundaries without jeopardizing important relationships, in a guide for women that draws on the insights of celebrities, a former first lady, and two police chiefs to help readers authenticate their true feelings while maintaining their values about caring and generosity. I'd Like You More If You Were More like Me takes on one of life's most important questions: How can I get closer to God and other people? We were created for deep connections. When people have deep connections, says John Ortberg, they win in life. When they don't have deep connections, they cannot win in life. I'd Like You More if You Were More like Me offers help in overcoming one of the biggest obstacles to making deep connections: the fact that we're so different.

Different from God and different from each other. The good news is that connectedness is not based on similarity, but on shared experiences. When one person invites another to share an experience, they're connected. It can be sharing a beautiful sunset or a meal, having a great conversation over cup of coffee, going for walk, or even teasing somebody. And when we share those same experiences with God, we get closer to him, too. God wants to connect with us—so much that he sent his son to live as a human being. God took on flesh and shared every human experience. So we don't have to wonder what a close relationship with God looks like anymore. An intimate relationship with God and other people doesn't have to be a cliché, it can be a daily way of life.

Jen Nilsson has an MBA, a nice condo, and a fast-track job at a tech start-up in Silicon Valley. If her big product launch goes well next month, she may finally land the marketing director job she's been gunning for. But then her younger sister, Katie, just out of college and estranged from their newly devout parents, blows through the front door, dumping cardboard boxes and a lifetime of personal drama onto Jen's just-swept floor. Family is family, and Jen lets her sister, the embodiment of all that annoys her, move in. Maybe she'll turn aimless Katie into a model adult. But when Jen's own well-laid career plans hurtle off the tracks—a corporate buyout, a layoff, and a disastrous business trip to China—she turns more and more to Katie for support and begins to reassess the place of family, and love, in her life. *If You Can Get It* explores the quirks and the humanity of the twenty-first-century business world but finds its heart in the deepening relationship of two sisters as different as Elinor and Marianne of *Sense and Sensibility*. I have heard before that you begin aging the minute you are born. Pretty depressing don't you think? Aging definitely has its mysteries but it also has a lot of fun surprises—little unexpected twists and turns—that happen when you least expect them and that is what makes this journey we call "Life" so interesting. There hopefully are a lot of years between birth and the end of life, so my dear friends, I ask that you Enjoy the Journey. Enjoy my journey as I share the wisdom and

sense of humor I have been forced to develop in spite of Mother Nature's attempt to try my patience every chance she gets. You will find that we women around the world are all sisters on this trip. Aging is inevitable, so why not make the best of it? In my particular journey, there are so many things my mother didn't tell me! As a result, growing older has at times been an agonizing challenge so I am sharing some common sense secrets to make your journey more fun. I have injected humor throughout. After all, if you can't laugh at yourself, who can and still get away with it?
