International Bestselling Author Ava Miles delivers another showstopping feel-good tale about a single mom starting over in Ireland and the unexpected Prince Charming who helps her find her purpose and more than a glimmer of happiness. Megan Bennet no longer believes in fairytales. Her life certainly isn't one. Widowed at thirtyish with a young son isn't the happily ever after she'd envisioned when she was a kid. She needs a new fairy godmother. Except now that she's living in the quaint Irish town of Caisleán, she can feel magic in the air, and it's not just the local matchmaking ghost. It's in everyone she meets—especially Kade Donovan, the owner and operator of a pony therapy farm. Kade listens to her and encourages her in a way no man ever has before, even going so far as to enlist her help on his farm. He's a true—if unexpected—Prince Charming. But her storybook life went south before—what's to say it won't again? Better to have loved and lost, right? Except is she that brave? Will she be able to set the past aside so she and Kade can move from friends to lovers, with maybe even a happily ever after thrown in? “A friend in history,” Henry David Thoreau once wrote, “looks

like some premature soul." And in the history of friendship in early America, Caleb Crain sees the soul of the nation's literature. In a sensitive analysis that weaves together literary criticism and historical narrative, Crain describes the strong friendships between men that supported and inspired some of America's greatest writing--the Gothic novels of Charles Brockden Brown, the essays of Ralph Waldo Emerson, and the novels of Herman Melville. He traces the genealogy of these friendships through a series of stories. A dapper English spy inspires a Quaker boy to run away from home. Three Philadelphia gentlemen conduct a romance through diaries and letters in the 1780s. Flighty teenager Charles Brockden Brown metamorphoses into a horror novelist by treating his friends as his literary guinea pigs. Emerson exchanges glances with a Harvard classmate but sacrifices his crush on the altar of literature--a decision Margaret Fuller invites him to reconsider two decades later. Throughout this engaging book, Crain demonstrates the many ways in which the struggle to commit feelings to paper informed the shape and texture of American literature.

Though she is irresistibly drawn to Shane, her vulnerabilities cause her to put up a tough exterior. When the two butt heads, more than sparks fly, and Cait finds herself trembling on the precipice of love. Shane has watched Cait for years. Stubborn, beautiful, and with a trim body that he is dying to get his hands on, Cait is it for him. And yet, she continues to infuriate him by walking away from his kiss. Every time. At his wits' end, Shane doesn't know what to do to make Cait his own. Unapologetic and fiercely proud, Cait must conquer her insecurities and reveal her true self to Shane or face losing everything. 50th Anniversary Edition • With an introduction by Caity Weaver, acclaimed New York Times journalist This cult classic of gonzo journalism is the best chronicle of drug-soaked, addle-brained, rollicking good times ever committed to the printed page. It is

also the tale of a long weekend road trip that has gone down in the annals of American pop culture as one of the strangest journeys ever undertaken. Also a major motion picture directed by Terry Gilliam, starring Johnny Depp and Benicio del Toro.

ULYSSES James Joyce's novel *Ulysses* is said to be one of the most important works in Modernist literature. It details Leopold Bloom's passage through Dublin on an ordinary day: June 16, 1904. Causing controversy, obscenity trials and heated debates, *Ulysses* is a pioneering work that brims with puns, parodies, allusions, stream-of-consciousness writing and clever structuring. Modern Library ranked it as number one on its list of the twentieth century's 100 greatest English-language novels and Martin Amis called it one of the greatest novels ever written.

ULYSSES *Ulysses* is a modernist novel by Irish writer James Joyce. It is considered to be one of the most important works of modernist literature, and has been called "a demonstration and summation of the entire movement". *Ulysses* chronicles the peripatetic appointments and encounters of Leopold Bloom in Dublin in the course of an ordinary day, 16 June 1904. *Ulysses* is the Latinised name of *Odysseus*, the hero

of Homer's epic poem Odyssey, and the novel establishes a series of parallels between its characters and events and those of the poem (the correspondence of Leopold Bloom to Odysseus, Molly Bloom to Penelope, and Stephen Dedalus to Telemachus). Joyce divided Ulysses into 18 chapters or "episodes". At first glance much of the book may appear unstructured and chaotic; Joyce once said that he had "put in so many enigmas and puzzles that it will keep the professors busy for centuries arguing over what I meant", which would earn the novel "immortality". James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses, the short-story collection Dubliners, and the novels A Portrait of the Artist as a Young Man and Finnegans Wake. ULYSSES As the day begins, Stephen Dedalus is displeased with his friend and remains aloof. A little later, he teaches history at Garrett Deasy's boys' school. ULYSSES Leopold Bloom begins his day by preparing breakfast for his wife, Molly Bloom. He serves it to her in bed along with the mail. ULYSSES As their day unfolds, Joyce paints for us a picture of not only what's happening

outside but also what's happening inside their minds. ULYSSES Drawing on the characters, motifs and symbols of Homer's Odyssey, James Joyce's Ulysses is a remarkable modernist novel. It has lived through various criticisms and controversies and has undergone several theatre, film and television adaptations. It continues to remain a literary masterpiece. ULYSSES

From the Publishers Weekly review: "Two experts from Yale tackle the business wake-up-call du jour-environmental responsibility-from every angle in this thorough, earnest guidebook: pragmatically, passionately, financially and historically. Though "no company the authors know of is on a truly long-term sustainable course," Esty and Winston label the forward-thinking, green-friendly (or at least green-acquainted) companies WaveMakers and set out to assess honestly their

path toward environmental responsibility, and its impact on a company's bottom line, customers, suppliers and reputation. Following the evolution of business attitudes toward environmental concerns, Esty and Winston offer a series of fascinating plays by corporations such as Wal-Mart, GE and Chiquita (Banana), the bad guys who made good, and the good guys-watchdogs and industry associations, mostly-working behind the scenes. A vast number of topics huddle beneath the umbrella of threats to the earth, and many get a thorough analysis here: from global warming to electronic waste "take-back" legislation to subsidizing sustainable seafood. For the responsible business leader, this volume provides plenty of (organic) food for thought. "

'A stimulating, elegant yet pugnacious essay'—Observer In this highly acclaimed seminal work, Edward Said surveys the history and nature of Western attitudes towards the East, considering Orientalism as a powerful European ideological creation—a way for writers, philosophers and colonial administrators to deal with the 'otherness' of Eastern culture, customs and beliefs. He traces this view through the writings of Homer, Nerval and Flaubert, Disraeli and Kipling, whose imaginative depictions have greatly contributed to the West's romantic and exotic picture of the Orient. In the Afterword, Said examines the effect of

continuing Western imperialism.

dreams. One fateful night, he takes to the seas to find her, only to land catastrophically at the shores of an enchanted cove. With Prince Callum near death, only Lily can save him in time, forever sealing their fated bond - but first, she must bring herself to believe in her own fairy tale...

Stefano Dall'Aglio sheds new light on the notorious Florentine Lorenzino de' Medici (also known as Lorenzaccio) and on two of the most infamous assassinations in Italian Renaissance history. In 1537 Lorenzino changed the course of history by murdering Alessandro de' Medici, first duke of Florence, and paving the way for the accession of the new duke, Cosimo I. In 1548 Lorenzino was killed in Venice in revenge for the assassination. The events surrounding these murders, which Dall'Aglio reconstructs, involved the Medici, their loyalists, Florentine republican exiles, and some of the most powerful sovereigns of the time. The first publication in a century to examine the life of Lorenzino de' Medici, and the first work in English, this fascinating revisionist history is based on extensive research in the historical archives of Florence and Simancas. The tale is as gripping as a detective novel, as Dall'Aglio unravels a 500-year-old mystery, revealing who was behind the bloody death of the duke's assassin: the emperor Charles V.

A SUNDAY TIMES BOOK OF THE YEAR 2017 A GUARDIAN BOOK OF THE YEAR 2017 FEATURED IN THE GUARDIAN'S BEST FICTION OF 2017 She is running and becoming smaller, running and becoming smaller, running in the light of the reddening sun, the red of her hair and her coat falling, the red of her fur and her body loosening. Running. Holding behind her a sudden, brazen object, white-tipped. Her yellow scarf trails in the briar. All vestiges shed. Sarah Hall is an exquisite chronicler of landscapes - rural, industrial, psychological - and these haunting stories reveal a writer at the peak of her powers. Rich in the mythic symbolism of wilderness and wasteland, these tales blur the natural and urban, mundane and surreal, human and animal. Written in Hall's lyrical prose, this uncannily disturbing collection glitters with poetic and erotic imagery. Marked by a fascination with the intimacy of nature - and the nature of intimacy - Madame Zero is a stunning new collection from an author twice nominated for the Booker Prize.
