No. 1 New York Times bestselling author Stephanie Laurens has returned to another utterly irresistible branch on her beloved Cynster family tree. The only thing more troublesome than a Cynster man is a Cynster lady who believes that love is not her destiny. Famously known in London Society as 'The Matchbreaker', Henrietta Cynster's uncanny skill lies in preventing ill-fated nuptials - not in falling victim to Cupid's alluring spell. However, when she disrupts one match too many, she feels honour-bound to assist the dashing James Glossup and find him a suitable bride for a marriage of convenience. Yet this is no easy task. Complicated by the growing and undeniable attraction that flares between them, Henrietta must convince not only James, but herself, that when it comes to

Paul Rayment is on the threshold of a comfortable old age when a calamitous cycling accident results in the amputation of a leg. Humiliated, his body truncated, his life circumscribed, he turns away from his friends. He hires a nurse named Marijana, with whom he has a European childhood in common: hers in Croatia, his in France. Tactfully and efficiently she ministers to his needs. But his feelings for her, and for her handsome teenage son, are complicated by the sudden arrival on his doorstep of the celebrated Australian novelist Elizabeth Costello, who threatens to take over the direction of his life and the affairs of his heart.

concepts to discuss the meaning of truth and its distortions through greed, sexuality and desire. Overcome by guilt at having committed perjury in court, in a murder trial, Parameshwarayya, a village elder, commits suicide. Yama, the god of death and righteousness, affords him the privilege of presenting his case himself. Thereafter, he commands Parameshwarayya to return to earth in spiritual form to witness, but not to intervene, in subsequent events. Parameshwarayya observes his daughter Savitri, son Ramakrishna, son-in-law Satyappa, the woman Lakkoo and the sensitive Dr Hasheem as they are confronted by difficult decisions and revelations, which cause them to look inward and attempt an appraisal of their lives and values. Bhyrappa's portrayal of the greedy

Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his

Chasing the Brigand

A motley array of sailors and stowaways, coolies and convicts is sailing down the Hooghly aboard the Ibis on its way to Mauritius. As they journey across the Indian Ocean old family ties are washed away, and they begin to view themselves as jahaj-bhais or ship brothers who will build new lives for themselves in the remote islands where they are being taken. A stunningly vibrant and intensely human work, Sea of Poppies, the first

book in the Ibis trilogy, confirms Amitav Ghosh's reputation as a master storyteller.

No other bandit in recent times has captured the public's imagination as much as Koose Muniswamy Veerappan. Be it his trademark moustache, stories of his daring escapades or his ruthless massacre of officers, Veerappan continues to fascinate, even thirteen years after his death. Veerappan: Chasing the Brigand is a lucid and incisive account of the rise and fall of India's most dreaded forest brigand. Chronicled by K. Vijay Kumar, IPS, the man who spearheaded the Tamil Nadu Special Task Force

(STF) that planned and executed the dreaded bandit's killing, the book relives the various incidents that shaped Veerappan's life - from his birth in Gopinatham in 1952 to his death in 2004 in a shootout in Padi. It traces his dramatic rise from a small-time poacher and sandalwood smuggler to a brutal fugitive who held three states to ransom for two decades. The ruthless killings and high-profile kidnappings masterminded by Veerappan, including the 108-day ordeal involving Kannada cinema superstar, Dr Rajkumar, are described in fascinating detail. Veerappan: Chasing the

Brigand is the most authentic account of the life and times of the dreaded outlaw.

"Ferocious, funny, rude and freewheeling..."—Karan Mahajan, author of The Association of Small Bombs A coming-of-age story about one boy's journey across contemporary Afghanistan to find and bring home the family dog, blending the grit and immediacy of voice-driven fiction like We Need New Names with the mythmaking of One Thousand and One Nights. What looms in twelve-year-old Marwand's memory from his previous visit to Afghanistan six years ago is his

contentious relationship with Budabash, the terrifying but beloved dog who guards his extended family's compound in the rural village of Logar. But eager for an ally in this place that is meant to be "home," Marwand misreads his reunion with the dog and approaches Budabash the way he would any pet on his American suburban block--and the results are disastrous: Marwand loses a finger, and Budabash escapes into the night. But Marwand is not chastened and doubles down on his desire to fit in here. He must get the dog back, and the resulting search is a gripping and vivid adventure story, a lyrical,

funny, and surprisingly tender coming-of-age journey across contemporary Afghanistan that blends the bravado and vulnerability of a boy's teenage years with an homage to familial oral tradition and calls to mind One Thousand and One Nights yet speaks with a voice all its own. Economist and award-winning author Sylvia Ann Hewlett blends vivid stories with powerful new data in assessing the impact of the #MeToo movement in corporate America and provides concrete action to help executives and companies create more inclusive and safe work environments for women, people of color, and

LGBTQ employees. While the #MeToo movement has exposed the enormous harm done by sexual misconduct in the workplace, the movement's full promise has not been fulfilled, Sylvia Ann Hewlett argues. Showcasing new data on the incidence of sexual harassment and assault at work, she reveals how the movement has focused almost exclusively on white women and failed to support other vulnerable groups who are also targets of abuse. Black men, gay men and women, and Latinas experience particularly high rates of sexual harassment and assault. In addition to exploring the movement's limitations,

Hewlett examines the collateral damage inflicted by #MeToo. She looks at hits to the bottom line (lawsuits and settlements, tarnished brands, and stock devaluations) and hits to the talent pipeline. In particular she shows how male leaders, fearful of gossip and legal action, are increasingly skittish about sponsoring young women, no matter how high performing they are. This makes it much more likely that women will stall out mid-career and will deprive companies of diversity in the C-Suite and “gender smarts” around decision-making tables. Digging deep into examples that range from Fox News, Nike,

and Google to CBS, Michigan State University, and the Catholic Church, Hewlett lays bare the financial losses associated with sexual misconduct scandals. No wonder corporate chief risk officers newly have #MeToo in their line of sight! A third of this book is devoted to solutions and Hewlett offers a three-pronged strategy, combining legal remedies with individual and corporate action steps that can be used to protect employees and businesses they work for. Drawing from companies as different as IBM and IPG she discusses “experiments at the edge” as well as more evolved initiatives that can help any

corporation create a more equitable and safer environment.

of how and where we got these numerals, which we so depend on, has for thousands of years been shrouded in mystery. Finding Zero is an adventure filled saga of Amir Aczel's lifelong obsession: to find the original sources of our numerals. Aczel has doggedly crisscrossed the ancient world, scouring dusty, moldy texts, cross examining so-called scholars who offered wildly differing sets of facts, and ultimately penetrating deep into a Cambodian jungle to find a definitive proof. Here, he takes the reader along for the ride. The history begins with the early Babylonian cuneiform numbers, followed by the later

Greek and Roman letter numerals. Then Aczel asks the key question: where do the numbers we use today, the so-called Hindu-Arabic numerals, come from? It is this search that leads him to explore uncharted territory, to go on a grand quest into India, Thailand, Laos, Vietnam, and ultimately into the wilds of Cambodia. There he is blown away to find the earliest zero—the keystone of our entire system of numbers—on a crumbling, vine-covered wall of a seventh-century temple adorned with eaten-away erotic sculptures. While on this odyssey, Aczel meets a host of fascinating characters: academics in search

of truth, jungle trekkers looking for adventure, surprisingly honest politicians, shameless smugglers, and treacherous archaeological thieves—who finally reveal where our numbers come from.

From Kannada's first Jnanpith award
winner, a landmark of modern fiction

that documents a vanishing world. When Hoovayya and Ramayya return from their studies in the city to their ancestral home, much has changed, throwing the even tenor of village life out of joint. The entry of Subbamma, the young wife of much-married Chandrayya Gowda into the House of Kanooru, sets in motion an irrevocable chain of events which signify the coming of age of a resolutely traditional society. Acutely conscious of the burden of their

education amidst the torpor of manorial life, the brothers are forced to witness the descent into cruelty of Chandrayya Gowda, who breaks old familial ties, and demands an impossible fealty. The petty meanness of the Gowda s old age and the idealistic vitality of youth confront each other when Hoovayya and Ramayya both fall in love with Seethe, their childhood playmate, with disastrous consequences for the manor house of

Kanooru. The epic conflicts of a decaying feudal order are seen through a multiplicity of characters, and voices that refuse to be silenced. The first stirrings of change in the lives of the Belas, the highland plantation workers and their labouring women, the proud Shudra landowners, the secretive and predatory Agrahara of the Brahmins, are dramatized by a humane eye sensitive to the slightest nuance. The House of Kanooru is ultimately a moving
